SECRETARY GENERAL

Rev. G. Hamilton Karsor

Faith Revival Temple Church, Inc. a Pentecostal denomination was founded in 1984 and later extends to the United States in 1990 by its founding Father, Bishop Harmon D. Yalartai.

Between 1985 to 2006, FRTC experienced a slow pace in growth, due to some leadership internal wronging's after the departure of Bishop Harmon from Liberia. But later in 2007, there was a rebirth of the Ministry when Rev. Mother Catherine M.B. Toomey was finally confirmed as Resident overseer and senior pastor, by the General overseer (now Bishop) Harmon D. Yalartai, to replace pastor Paul Gbelema, who, in spite of all persuasion, refused to return to his position.

Faith Revival Temple Church, Inc, now has six (6) branches and three (3) fast growing preaching points in 3 of Liberia's 15 Counties. Four of these churches and preaching points have three elementary and one senior high school fully operational. Following are the various Faith Revival Temple Churches, Functioning in Liberia thus, far, in order of their establishment, development initiatives, challenges and future plans or projects for growth. **Faith Revival Temple Church in oldest Congo Town** was the first effort of Bishop Harmon and Co-workers in 1984.

FRTC CONGO TOWN AND PASSION CONGREGATION

FRTC Congo Town gained birth at the Esther Beacon Public School on 11th Street, in Sinkor, Monrovia. From there the Church moved onto Fiamah on 16th Street, still in Sinkor, on the premises of Rev. Christian Dagadu. The church spent a lengthy time there before being forced into a nearby swamp to induce more difficulties. Next was in Congo Town, where FRTC squatted for sometimes before possessing her own land within the same vicinity

Nevertheless, in spite of all odds, by God’s Grace, exercising maximum Faith, with a strong determination, Faith Revival Temple Church, Inc. has begun to boast of a position worthy of its status amongst top Ministries nationally

Faith Revival Temple Church Inc.

**BAYE'S TOWN Compound #4, Grand Bassa
County, Liberia-West Africa**

Rev. Lawrence Joe
The Church Planter

Mot. Esther Joe

The next in line is the Baye's Town Church, which was the second effort, following Faith Revival Temple Central Church. This Church planting was an initiative of Pastor Lawrence Joe, a founding member, of FRTC on February 1, 1987.

Baye's Town, being a traditional stronghold, has seriously retarder Church growth in that area. Another serious impediment has been the failure of trained FRTC ministries to take up assignment in Baye's Town; some have gone there for just a week or two, without making much impact for just transformation.

The first pastor of Baye's Town Church (James Gessay) had died under mysterious circumstances, a situation that may have intensified fear for Baye's Town, this leading to the abandonment of the church for a couple of years.

Notwithstanding and with a heart of passion for lost in that part of the country, the founding Father of FTRC, Bishop Harmon D. Yalartai had insisted that Baye's Town become a concentrated point for rescue. And to back his vision, the Bishop directed a significant among of resources (finance and Materials), to Boye's Town Church, and many other priorities.

Baye's Town Church building construction took lead. It was against this backdrop that the resident overseer, Rev. Mot. Toomey dispatched a Team of FRTC Missionaries to resurrect Baye's Town. The team, headed by FRTC Brewerville Senior Pastor, Jusu Kamara, included Pastor G. Hamilton Karsor and Samuel Diamond Saye

It was a two week Mission that yielded fruitful results. Besides the cash donation for Church building, the items included sporting materials and assorted food stuffs. Just imagine, when relief items enter a refugee camp- much jubilation!! As part of the mandate for Baye's Town, training workshops were conducted with water baptism taking place at the end.

About 13 souls gave their lives to Christ and were baptized. A leadership structure was put into place to assist the Pastors, Daniel Connou and Kennedy. At the end of the Sunday service following the baptism on Saturday, the Missionaries held a successful general meeting during which pertinent issues for the growth and development of FRTC Baye's Town were discussed. The church had a total of 50 members (both old and new).

At the point of conclusion to leave's Baye's Town, the cash donation from the Bishop was given to the leadership who took the team on the spot designated for the church building construction, and the land was then consecrated, with a promise that construction would begin soon. And within the same year (2022) the work was said to have been completed and ready for dedication

This was a commitment by FRTC Resident overseer, Rev. Mot. Catherine M.B. Toomey that the Bishop's passion for Baye's Town would be held in high esteem – it would remain a focus point.

**Moulton Corner- Brewerville Montserrado County-Liberia
West Africa**

REV. JUSU & MOT. LYDIA KAMARA

Faith Revival Temple Church branch #3 in line of establishment was planted on March 6, 1996 by Christian Smith who served as its first pastor.

The church has had some great leaders, one of which was the late Samuel Wenkai. Brewerville Church has also been a rough ground for the gospel, but as times elapsed, the word of God has finally taken root. The little unknown guy who initially appeared insignificant has brought great transformation to FRTC Brewerville. Pastor Jusu Kamara has proven to be a trust worthy soldier

CHURCH LEADERSHIP STRUCTURE

The men, women, usher, music, Evangelism, Youth and Children, departments are all headed by competent members, who have vowed to dedicate their lives to the service of God

WEEKLY ACTIVITY

- Intercessory prayer
- Bible study,
- midweek service
- prayer meeting
- choir practice
- and Evangelisms

FRTC BREWERVILLE PARTIAL CONGREGATION

MONTHLY ACTIVITIES

For spiritual growth, there is a regular 7 days monthly fast and prayer, climaxed by revival. The month of July each year is observed as a fast and prayer period to seek the face of God for the entire Faith Revival Temple Ministries

CHALLENGES

The major challenge now is the need for a set of instruments for Evangelistic purposes.

EDUCATIONAL DEVELOPMENT

Esther Yalartai Academy runs from Kindergarten to senior high, with a student population of 250 and 44 teaching staffs our fees are low to cope with the condition many less fortunate children in the community.

Brilliant Students of Esther Yalartai Academy

FUTURE PROJECT

Our burning desire is to engage into agriculture on the new land bought by Bishop Harmon, as way of raising funds to buttress the meager income from church members, members, for development purposes.

Faith Revival Temple Church Inc.

**Morris Farm, Paynesville City
Republic of Liberia**

The fifth FRTC branch in line is Faith Revival Temple, Church inc, Morris Farm, Paynesville city, Montserrado county. This branch is headed by Rev. J. Douglas Zohar, and his wife, Mot. Fata J. Zohar. FRTC Morris' Farm was established on October 18, 2003. The church has had its difficult experience as well, but due to the resilience of the church planter, Pastor Zohar, ably assisted by Pastor Samuels Diamond Sayeand (G. Hamilton Karsor), together with other Faithful servants of God, Faith Revival Temple Church, Morris,s Farm branch is standing firm today. The Church has a regular membership of 56 in all categories

REV. J. DOUGLAS, MOT. FATA ZOHAR, & PARTILA CONGREGATION OF FRTC MORRIS' FARM

LEADERSHIP STRUCTURE

FRTC Morris' Farm has a unique leadership structure, comprising of the Pastoral board, men women, youth ushers, music, charity and children's department. Elders of the church are equally assisting the pastoral Board in making sound decisions for growth and developments

WEEKLY AND MONTHLY ACTIVITIES

Regular Sunday services, Sunday school, choir practices, Bible study, women prayer meetings, prayer services- 3 days monthly fast and prayer Revival.

CHALLENGES

The only major challenge on hand is our building construction, which is ongoing. Nevertheless, as people of Faith, we trust that it shall be well.

EDUCATION

FRTC Morris' is operating an elementary and junior high school Chris weekly Academy, in honor of Pastor Chris Wickey, an American Missionary who happened to be a close friend of Bishop Harmon D. Yalartai. This institution was established along with the church in 2003.

The school is operating as a charitable institution, with a population of 53 students and 14 teaching staff. The decrease in student population was a result of some difficult challenges that the institution faced at the ending of the previous academic year. However there are signs of speedy growth

FUTURE PROJECTS

Our immediate priority for the future is to fence the school facility, for the safety and protection of students

Faith Revival Temple Church Inc.

Pipeline community Paynesville City
Montserrado County Liberia.
West Africa

The fourth branch established under the banner of Faith Revival Temple church, Inc. 15 FRTC pipeline in Paynesville City. This was an effort of Rev. Joseph T. Marsh and his wife Mot. Sando Marsh, on the 9th of March 1997. The Church is strategically located within the super market; pipeline community like other grass root Ministries. FRTC pipeline has gotten its portion of growing pains that are associated, With God's kingdom. Nevertheless, thankfully for the grace of Faith from Bishop Harmon, Rev. Marsh and his Vision runners (followers) made it through from a tiny mat round worship center, to what many regard as a semi Cathedral today. The church presently has a congregation of 100 members.

LEARDERSHIP STRUCTURE

Similarly, FRTC pipeline has a leadership structure put in place for the smooth running of Ministry. The pastoral and Elders, as well as deacons and deaconess board, together with committees of various departments are well in place. Monthly fast and prayer services, backed by revivals and crusades are prioritized for spiritual growth.

DEVELOPMENT INITIATIVE

Thank be to God and Bishop Harmon that phase one of the building project at FRTC pipeline is completed and next is phase two that has to do with the windows and floors. Our Ministry also takes interest in children welfare, sporting and feeding programs. We remain open arms are open to receiving sponsorship for the sustenance of our children and youth development programs.

FUTURE PROJECT

FRTC pipeline is anticipating on the establishment of a learning institution in the near future, as a way of catering to the educational needs of our member's children.

Faith Revival Temple Church Inc

Republic of Liberia West Africa

EVANG. DAVID BROWN IN THE PROCESS OF TRANSFORMING FRTC BUCHANAN

Faith Revival Temple church Buchanan branch, the 6th branch, was established on June 28, 2010 through miniature by Pastor Lawrence Joe and his wife, Mot. Esther Joe. From the start, FRTC Buchanan was experiencing growth but along the way similar to Baye's town branch, the Ministry began to crumble, a situation which many believed was a result of perpetual irregularities no the part of some church leaders. And because the senior pastor (Joe) could not handle the situation, things got out of hand, thus driving away members and brining the church to a place of deadness.

PST. LAWRENCE JOE PLANTER OF FRTC BUCHANAN

- ✓ Notwithstanding out of serious concern, FRTC resident overseer, Rev. Mot. Catherine M.B. Toomey. In consultation with the Bishop, took seize of the matter. FRTC Buchanan became a focus point, as the Bishop immediately began directing resources for the up liftmen of the Bassa branch. Beforehand, the Overseer mandated pastor and evangelists to frequently visit Buchan in an effort to help pastor Joe put things in order since in fact on pastor was willing to take residence in Buchan.

But it appeared like that strategy of frequent visitation was cost intensive and less fruitful, since in fact a permanent solution to the problem called for a trained Minister volunteering to be assigned and take care of the church, instead of people going and coming. And following numerous appeals by the Resident, Overseer, the president of FRTC Youth s, Evangelist David Brown of Central church finally volunteered his service to Buchanan Church, directly taking charge of the Church operations. And since Evang. David took over in a relatively short period, the Church has experience speedy growth. FRTC Buchanan branch that was in a state of complete deadness now has a regular membership of 57, with a clear sign of progress! Qualified members are being put into position of trust into various departments, and unity of the brethren is glaring. Spiritual activities at all levels cannot be over emphasized.

EDUCATIONAL DEVELOPMENT

- ✓ As part of its policies, to run schools alongside its churches, Faith Revival Temple Church, Buchanan branch established the Carolyn Primus School of Excellence was established on November 25, 2010, in honor of American Missionary Carolyn Primus (deceased). The school operated shortly before its closure by the Ministry of Education (M O E), due to an in adequate school facility. The Minister prohibited the running of school into church buildings.
- ✓ Notwithstanding ground breaking was expected for the reopening of the Carolyn Primus school of Excellence, under FRTC Buchanan branch. To conclude, from the zealously of the assigned Minister to Buchanan, coupled with the cooperation of members, there is no doubt that Faith Revival Temple Church Buchanan. Could rise to an un precedence level within a short distance future.

Faith Revival Temple Church Inc.

Two Edged Sword Children Ministry
Kakata , Margibi County- Liberia West Africa

PST. BEATRICE R. ASHONG AND CHILDREN DOING REGULAR THINGS

As efforts of Faith Revival Temple Church to propagate the Gospel Nationwide, intensified, a staunch member of the Church Pastor Beatrice R. Asching previously assigned to Pipeline church, open a children's Ministry in Kakata Margibi County Named Two Edged children's Ministry on November 19, 2005.

The vision of Pastor Ashorg was to have children brought up under straight spiritual disciplines as a means of enhancing their moral and Educational growth and developments. Pastor Beatrice Ashorgs high passion for the children's Ministry has added values to the entire Kingdom promotional efforts of Faith Revival Temple Church, Inc. Liberia.

The two- Edge sword children's Ministry, in addition to other activities, engaged into fellowship, during which trainings for children's are conducted, as well as choir practices to develop the musical skills of the kids.

Thanks to Bishop and Mother Yalartai for providing the 2 edged children ministry land to build, a pastoral home and school for the kids. This property was bought in 2018, and construction works have already begun. Resident overseer Catherine M.B. Toomey was very instrumental in that effort of us acquiring our own land form the Bishop

Meanwhile, the two-edged children's Ministry's is looking up to Philanthropists and other humanitarians to their support for such a noble and godly cause

Faith Revival Temple Church Inc.

Lower Margibi County-Liberia-West Africa

PST. SAMUEL DIAMOND AND MOT. MERCY SAYE

The 8th Branch of Faith Revival Temple Church, Inc. still in the category of a preaching point is an off-spring of FRTC pipeline. FRTC Natballah Town was established on December 31, 2013 by Pastor Samuel Diamond Saye and his wife, Mother Mercy Saye. Pastor Diamond Saye was a founding member of FRTC Morris's Farm before advancing to the Pipeline branch under Rev. Joseph T. Marsh, and later undertook the initiative of planting the Natballah Church.

The Natballah Church was one of the fast growing ministries but during the course of time, some challenges and circumstances resulted to the church taking a downward trend, but again, through the capable leadership of the resident overseer, the Bishop was able to make a timely intervention for the restoration of FRTC Natballah branch. The Church can now boast of its own land, graduating from a squatting ground. FRTC Natball Town is back in shape and headed for progress!

The Church has a present membership of 110

FRTC MEMBER PARTIAL CONGREGATION

LEADERSHIP

The Church planter and senior pastor Diamond Saye is closely assisted by his wife, Mot. Mercy and a Team of loyal servants, namely; Sis. Agatha Y. Miller, Nunu Jackson, Galema Morlu, Daniel Fayiah and Reuben Young the Administrator

CHALLENGES

As the church strives towards growth, our challenging needs are the building project and acquiring a set of modern instruments which will serve as a motivational factor, for speedy soul winning. However by God's special grace and the unwavering support of the Body of Christ, not leaving out FRTC connect rant cut, we are getting there.

Faith Revival Temple Church, Inc.

**Mount Barclay, Lower Johnsonville Township, Montserrado County
West Africa**

The 9th and latest of Faith Revival Temple Church in Liberia is FRTC Mount Barclay, on the outskirts of Paynesville City. This is another preaching point, according to FRTC policy. There is a set criteria for a preaching point to gain the status of full church, such as the church planter being qualified by the leadership, meeting membership bench Mark, and so forth.

FRTC Mount Barclay branch was planted on November 19, 2017 by Rev. G. Hamilton Karsor, a licensed and ordained Minister of the gospel. Rev. Karsor served as assistant pastor for administration under Rev. J. Douglas Zohar for nearly 15 years before moving forward to Mount Barclay.

The initiative started with a Bible study in 2016 and gradually grew to the level of turning into a preaching point in 2017. FRTC M.B. squatted at three different locations of the same community before obtaining favor from the Bishop to get land through the instrumentality, of the resident overseer.

But unfortunately, just as the church was at the point of growth, trouble erupted, thus pushing it down to the button nevertheless, as difficult and discouraging situations unfolded, Rev. Karsor and few of his followers with stood the test of time and vowed to keep FRTC' Banner up high, while many other church members backed off from the fellowship.

FRTC MOUNT BARCLAY PARTIAL CONGREGATION AND LEADERSHIP

But as God would have it, the Bishop and his wife stepped in to put the church back in the right direction. The Pastor was pardoned for his wrong administrative decision which affected the church and a new land was bought to replace what was lost. Notwithstanding, inspite of all odds, Mount Barclay maintained a membership of 38, and held on to spiritual activities, such as Sunday services, Bible study, fast and prayer, and Revival services.

The church further put in place a small leadership to assist the pastor and wife. But the biggest new is that, the new land bought for the FRTC M.B. is situated about 5 miles away from Mount Barclay. The new community is called Iron-Bridge', in lower Margibi County. We will therefore sooner or later be called FRTC iron Bridge Thanks to the Bishop and Co-workers and sponsors that we are going to experience a new community.

CHALLENGES

As it now stands, the first challenge of FRTC Mount Barclay will be the issue of settling on their new land, in terms of dwelling, next will be the construction of a worship center on the land. But what is it that is too hard for God? He who provided the land will surely be faithful to provide the rest

EDUCATIONAL DEVELOPMENT

Faith Revival Temple Church, Mount Barclay managed to have established a tuition free elementary school, alongside the church. It is called Mother Catherine MB Toomey, Faith Mission Foundation, named in honor of the Resident Overseer. The school had up to 100 students during the last academic but has reduced to 50 this academic due to the lack of facility to accommodate students

THE BEGINNING OF MOT. CMB. TOOMEY FAITH MISSION FOUNDATION

There were only eight instructional staffs. We are asking fellow believers to pray with us so that we can be able to occupy and settle, on the new land, between now to June this year (2024). We are grateful to God first, and Bishop Harmon and his wife for upholding Faith Revival Temple Church Inc.
